

Gateways Credential Submissions

Children of Promise Christian Dayschool (B34771) · prepared from official SWIC transcripts and the Gateways Staff Education and Credentials report of 9/6/2026

Sue Engel

Gateways Registry ID N278509 · membership expires 8/10/2027

WHAT THIS IS ABOUT

Your Gateways record currently shows **only your high school diploma**. Southwestern Illinois College has 53 earned credit hours for you that Gateways has never received, so none of it is counting toward a credential.

On your SWIC transcript	Hours
Total earned credit	53
Early childhood related	22
CIS 122 Infant & Toddler Child Care	3
On file with Gateways today	0

WHAT TO DO

1. Ask SWIC to send your **official transcript** to the credential office at the address below. It must come from the college directly — a copy you send yourself is not accepted as official.
2. Once it has been sent, apply for a **Gateways ECE Credential** and an **Infant Toddler Credential**. Ask them to assess you for both.

Send the official transcript to:
transcripts@inccra.org
Include your full name and Registry ID **N278509** so it is matched to your record.

Why you in particular: you are the only member of staff with an infant and toddler course on an official transcript, and you have the most early childhood hours of anyone here. Your record is the one most understated by what Gateways currently holds.

Tara Goldsmith

Gateways Registry ID N230823 · membership expires 8/4/2027

WHAT THIS IS ABOUT

Two things need to happen. Your CDA is on your Gateways record but is **not verified**, because they do not have a copy of the certificate. And the transcript we hold for you was printed on **2 February 2025**, before credit was awarded in April, so it is out of date.

Course	Hours	On your transcript?
ECE 114 Child Health Maintenance	3	Yes
ECE 110 Intro to Early Childhood Ed	3	Yes
ECE 112 Growth & Development of Children	3	Yes
ECE 101 Foundations in Early Childhood	3	Missing
ECE 102 Experiential Learning	3	Missing
HES 152 First Aid — Medical Self Help	2	Missing
Total once updated	17	

WHAT TO DO

1. **Call SWIC records first.** Ask for a *current* official transcript. Explain that credit was awarded on 17 April 2025 and your last transcript was printed 5 February 2025, so it is missing ECE 101, ECE 102 and HES 152.
Ask for an up-to-date transcript rather than reporting an error — the credit was almost certainly awarded after your copy was printed.
2. Have SWIC send that updated official transcript to the address below.
3. Send a copy of your **CDA certificate** to the same address, so the CDA already on your record can be marked verified.
4. Then apply for an **Infant Toddler Credential**. You have no application on file at present.

Send the official transcript and CDA certificate to:
transcripts@incra.org
Include your full name and Registry ID **N230823**.

Do not send the 5 February 2025 transcript on its own. It shows 9 hours instead of 17, and an assessment made from it would understate you.

Paige Holliday (transcript reads Turner, Paige Keeley)

Gateways Registry ID N452129 · membership expires 8/17/2027

WHAT THIS IS ABOUT

You already have an ECE Credential application with Gateways — number **1156781531**, received 19 March 2026. It is being held for one reason: **Awaiting Official Transcripts**. Your transcript was sent to Children of Promise instead of to Gateways, so the assessment has been sitting waiting for a document we are holding.

On your SWIC transcript	Hours
ECE 101, ECE 102 (credit awarded 17 April 2025)	6
ECE 110, ECE 112, ECE 114	9
HES 152 First Aid — Medical Self Help	2
Total earned / early childhood	17 / 15

WHAT TO DO

1. Ask SWIC to send your **official transcript** to the address below, quoting application **1156781531**.
2. **Include a note that your name has changed** from Turner to Holliday. Your transcript is in your former name and your Gateways record is in your current one — without a note the two may not be matched, which would hold the application up again.

Send the official transcript to:
transcripts@inccra.org
Include Registry ID **N452129**, application **1156781531**, and both names: **Paige Keeley Turner** and **Paige Holliday**.

Your *Infant Toddler* application (1156781575) is held for **Awaiting Additional Coursework**, which the transcript will not resolve — there is no infant or toddler course on it yet. Sending the transcript should clear the ECE application only.

Note for the director

Not for distribution to staff — background on why these three, and what to expect

WHAT EACH SUBMISSION IS EXPECTED TO ACHIEVE

Person	Hours / ECE	Infant & toddler course	Likely outcome
Sue Engel	53 / 22	Yes — CIS 122	Best prospect for both an ECE level increase and an Infant Toddler Credential
Paige Holliday	17 / 15	No	Should clear the held ECE application; infant toddler will stay short
Tara Goldsmith	9, or 17 once updated / 15	No	CDA verified and hours on record; infant toddler will stay short

THE GAP THIS DOES NOT CLOSE

ExceleRate 4B requires 30% of infant and toddler staff to hold an Infant Toddler Credential at Level 2. That is met at present only by Keyona and Megan, both through part time assignments in those rooms. Neither Tara nor Paige has any infant or toddler coursework, so no amount of paperwork will produce that credential for them.

The durable fix is course selection. Tara and Paige have taken identical courses in step through SWIC. If their next course is infant and toddler specific rather than general early childhood, two people move toward the requirement at once, and it stops resting on two part time assignments.

WORTH CONFIRMING WITH GATEWAYS

- What exactly the Infant Toddler Credential Level 2 requires, and how much of Sue's 22 early childhood hours count toward it as opposed to a general ECE credential.
- Whether a scheduled part time assignment in an infant and toddler room is sufficient for someone to be counted as infant and toddler staff.
